HOUSE FOR CHILDREN SPECIALLY BUILT

FAMILIES WITHOUT THEM WILL
NOT BE ADMITTED

RENT FREE FOR BIRTHS

Landlord Will Give a Month to Parents for a Girl and Two Months for a Boy.

St. Louis, July 1.—Plans were filed with the Building Department today for an apartment house exclusively for families with children. The house, which is to be built on the corner of 10th and Olive streets, will be a two-story building, 100 ft. long and 40 ft. wide, and will contain 100 apartments. It will be a badge of admittance, but the family with a dozen children will be welcomed with open arms. It is the first apartment house of its kind in the country, and it will rise between two large and fashionable houses which forbid children.

S. D. Lederer, a real estate broker, is the originator of the idea, and he found ready backing for the scheme. He has a whole chain of novelties. Every girl born in the house will present a receipted bill for one month's rent to the parents. Lederer places twice as high a value on boys, as every boy born will mean to the parents a receipted bill for two months rent.

The building will be of eight stories and there will be fifty-four apartments. Each apartment will have a specially equipped playroom. In addition, there will be a large playroom in the basement, and in the summer the children will be able to play on the roof. A dancing room will be provided and dancing teachers will instruct the children without charge to the parents. There also will be instructors in physical culture, and it is proposed to establish a kindergarten.

"I am convinced the apartment house for children will all a real want," said Lederer. "It will be the only one of its kind in the country, but I expect to see many more like it. Why, as soon as I get my plans half a dozen millionaires wanted to back the venture single-handed. They saw the possibilities in it, and they wondered it hadn't been tried before. Every applicant will have to trot out the youngsters before I rent him an apartment. Children will be the requirement. One child will do, but the more the merrier. If a man comes along with a score of children he will be my prize tenant, and I'll put a brass plate on his door."

"It is easy to figure it out from the financial standpoint. With children in every family there will be no complaints on the score of noise. Then married couples with children are the most stable tenants, and are less likely to move. They are the best rent-payers, too, as all statistics show."

One of the features of the house will be a general nursery in charge of a nurse. Mothers going out shopping, afternoon calling or to the theatre, may leave their babies in the care of the nurse. Ground will be broken for the house within a week.

FRANCE REFUSES TO

EXTRADITE PAUL ROY

(Special from United Press.)

Paris, July 2.—The government has refused to extradite Paul Roy, wanted in the United States for the killing of George Carkins, brother of Gladys and Lily Carkins. The extradition is refused on the ground that Roy is a French citizen and is not answerable to the United States.

Roy was charged with shooting his brother-in-law in the course of a family quarrel at Newington, N. H. He claimed that he shot in self-defense. Roy managed to elude the authorities and fled to France. It is possible the French government may prosecute but this appears extremely unlikely.

SUMMER HOTEL FIRE DRIVES OUT

GUESTS IN THEIR NIGHTCLOTHES

(Special from United Press.)

Lake Placid, N. Y., July 2.—The great summer hotel, the Russeau, was totally destroyed by a fire which started shortly after midnight. The fire, which started in the tower of the hotel, spread with alarming rapidity and the fifty sleeping patrons had narrow escapes. So swiftly did the fire gain headway that the stairways were cut off and many had to be taken down ladders. One boy was so badly burned he will die. None of the guests have been reported as injured. The building was completely destroyed. The patrons lost all their belongings, many escaping in their nightclothes.

WHOSE COW IS THIS?

Justice Henry P. Lyons Will Endeavor
to Solve Problem.

It is no longer up to the police to settle the dispute over the ownership of the Jersey cow that Julius Egry says was taken from the lot near the Starwood driving park and which Samuel Cardowski, the butcher at 113 Hallam street, says he bought in Greenfield Hill. The case will be tried July 16 before Justice Henry P. Lyons. It looks as though it might be necessary to hold court in some stable where the cow could be marked as an exhibit. Yesterday Sheriff Hamilton attached the cow for Egry who has hired Attorney George H. Ebnis to get the cow for him. Egry has a large number of his neighbors ready to identify the animal as his, while Cardowski has Dr. Knapp, the board of health meat inspector, to testify that the cow is nine years old. Egry says that his cow is three years old. Egry also says the cow has four mammas while Cardowski wants the justice to see that she has four.

Cardowski is now defendant in a suit for \$75. He says that it will cost Egry more than that.
